COUNCIL CORNER

Making Sure We Are Represented

As I walked through neighborhoods during my City Council election campaign, the one consistent promise made was to represent you, the people of Bothell—to reflect your needs and your wants, not my own, when it came to making decisions about our City. Now that I have been on the Council for 15 months, I am happy to report that’s still my number one reason for serving. The more I listen to you, the more determined I am to reflect the needs of Bothell. In that spirit, I have enthusiastically joined regional committees to make sure that our City is part of the conversation. Representation regionally also ensures we are better positioned for grants.

Specifically, I’m working with these committees:

- Equity and Diversity
- Parks and Recreation
- Flood Control
- Transportation (King and Snohomish Counties)
- Land Conservation
- Regional Law and Safety and Human Services.

I’m also working with leaders across the region: Sound Cities Association (SCA), Snohomish County Cities (SCC),

Association of Washington Cities (AWC), and the cities of Kenmore and Woodinville.

All of this is helping Bothell to be represented in regional movements, strategies, and budgets – critical factors in getting our share of funding and recognition for the part we play in the region’s success. Through the increasingly strong representation with local partners, such as the Northshore School District and our King and Snohomish county councils, our City is claiming its rightful place at the table. Linking seniors with youth and creating a Boys and Girls Youth Foundation is another passion of mine, an endeavor that by its very nature will strengthen our community.

Because of the phenomenal work of its volunteers, Bothell has also had great success in its environmental endeavors, such as saving North Creek Forest. Washington State grants for ongoing environmental projects in Bothell were recently announced, thanks to efforts of our representatives in Olympia, Guy Palumbo, Derek Stanford, and Shelley Kloba.

Please feel free to reach out to any Councilmember with concerns (or kudos). Things are really coming together in Bothell, and with our City’s profile increasing regionally, you will make a difference.

SUMMER CAMPS

Play-Well TEKnologies – Free Summer Camp Preview Workshop (Ages 5 – 7)

Check out what Play-Well has to offer this summer at our free LEGO® workshop! Using over 100,000 pieces of LEGO®, our program will build students' problem-solving skills, foster a greater appreciation of how things work, and encourage the qualities of inquisitiveness and self-confidence. Projects for the workshop will be selected by the instructor. Parents, feel free to come by and check out what we have to offer even if your child cannot attend.

#20200.....Free registration required

Smart with Art

Smart with Art – Minecraft Mania (Ages 8-12)

Think Minecraft is just a video game? Think again. Create, explore, and put your problem-solving skills to the test by building an adventure map and resource packs at this exciting week of tech-focused camp. Take control of your world with command blocks and redstone. Students will work daily in teams on laptops in this exciting camp. Many schools—even universities—are adopting the Minecraft platform to help with reading, writing, math and science but let's tell our kids it's a video game, okay? *Registrations must be received by the Wednesday before camp begins.*

Kidz Love Soccer

Kids ages 2 to 10 learn the world's most popular sport from professional coaches trained in the Kidz Love Soccer method. A session includes age-appropriate activities: skill demonstrations, games, and instructional scrimmages conducted in a non-competitive, recreational form. Kidz Love Soccer: "where the score is always fun-to-fun!"
Registrations must be received by the Wednesday before class begins.

Go to www.kidzlovesoccer.com for more information.

SCOOP IT, BAG IT, TRASH IT

Pet waste left on yards and planting strips gets washed into local streams, making contact with the water a human health risk. Dog waste, just like human waste, is raw sewage and contains harmful bacteria like E. coli that can make people and pets sick.

The great news is that it's easy to protect ourselves and our streams! Simply SCOOP THE POOP, BAG IT, AND PLACE IT IN THE TRASH.

CITY MANAGER'S MESSAGE

Preserving open space key to Bothell's livability *by Jennifer Phillips*

Cranes and construction cones seem to be everywhere in downtown Bothell. Private development projects such as the Mercantile Building, the Junction, the 185 Apartments and others are underway, bringing more housing and retail to our downtown core. Meanwhile, the City's Main Street Enhancement project is under construction, and the Multiway Boulevard Project is wrapping up this summer. We appreciate your patience as we work together to make the community's vision for downtown a reality. It's really an exciting phase in Bothell's development.

At the same time, the City of Bothell is working very hard to preserve open space. A key to our success has been the initiative and involvement of community groups in at least three major efforts. For example, we recently celebrated the preservation of 63.4 acres of the North Creek Forest, just west of I-405 in Maywood Hills. The property features second growth, mature forest with wetlands and streams that connect to North Creek, the Sammamish Slough, and Puget Sound. The acquisition comes after years of work by community groups.

“A key to our success has been the initiative and involvement of community groups...”

Similarly, the City is working closely with OneBothell and Forterra on a plan to buy the Wayne Golf Course and to transform it into the Wayne/Sammamish Regional Park. King County Executive Dow Constantine recently recognized OneBothell, Forterra and the City of

Bothell for our efforts to preserve this regional gem, which includes nearly a mile of shoreline along the Sammamish River. Forterra is holding the property until the City can secure funding to buy it.

As a final example, the City of Bothell Parks and Recreation Department and the Shelton View Forest Stewardship Association joined forces to submit a \$1 million request to Snohomish County to purchase about 16 acres of the Shelton View Forest, located in northwest Bothell near Shelton View Elementary School. (We're exploring options for a second 26-acre parcel owned by the Department of Natural Resources.) The Snohomish County Council recently approved the funding, and we're grateful for Snohomish County Councilmember Terry Ryan's support for Bothell.

These milestones and the support of our partners make me very confident in Bothell's future. Working together, we're making Bothell's downtown a vibrant place to dine, shop and enjoy community events. We're also ensuring that there are plenty of green spaces to escape, unwind and enjoy nature.

Celebrating North Creek Forest

This spring we celebrated the acquisition of 63.4 acres of the North Creek Forest, thanks to a collaboration by the City, Friends of North Creek Forest, and Help Our Woods, with funding from various county, state and other grant sources.

Shown here, Governor Jay Inslee and Mayor Andy Rheaume cut the ribbon at the April 28 ceremony. The City and a community steering committee are working on a site master plan for the North Creek Forest. Check out the Forest, just west of I-405 on the side of Maywood Hill.

Bothell named a NOAA Ambassador

The City of Bothell has been accepted as a National Oceanic and Atmospheric Administration (NOAA) Weather-Ready Nation Ambassador. This initiative recognizes NOAA partners who are improving the nation's readiness against extreme weather and other hazards. Together with NOAA and other Ambassadors, we will inform and empower our community to make decisions that can save lives and property, preventing or limiting devastating economic losses.

Safe Streets & Sidewalks

You talked, we listened...

You told us that safety and mobility improvements should be a top priority. The nine-year Safe Streets & Sidewalks levy addresses your concerns by funding street maintenance and safety improvements for neighborhood streets and arterials, including school walk routes.

The program includes

- Improving the condition of major streets
- Constructing sidewalks and crosswalks around schools
- Asphalt patching and sidewalk repair and replacement
- Fully funding Street Operations
- Improving pavement markings, including striping

Meet the team

The team includes Public Works leadership, Transportation, Capital, and Operations and Maintenance staff. They are working hard to complete the projects funded by this ballot measure.

Planning home maintenance projects or repairs?

When taking on outdoor maintenance tasks, protect yourself and your property by keeping all wash water out of streets and storm drains. Summer is a great time to make home repairs, complete maintenance work, or spruce up your yard, but allowing any polluted wash water to enter streets and storm drains is against the law. Whether you perform the work yourself or you hire a contractor, you are responsible for what enters the public storm system.

High polluting activities can include:

- Pressure washing
- Painting
- Vehicle maintenance
- Carpet cleaning
- Concrete work
- Pesticide/fertilizer application

These pollutants cause lots of problems for people, pets, and the environment. Protect yourself, your family, and local streams by keeping any polluted wash water out of storm drains.

Remember, Nothing but Rain Down the Drain

Car washing fundraisers harm local streams

The best way to prevent harm to local waterways is to use a commercial car wash.

Vehicle wash water contains harmful pollutants like oil, grease, heavy metals, solvents, and soaps which harm our local streams as well as the Sammamish River, Lake Washington, and Puget Sound. Even biodegradable soap pollutes!

Residents and fund raising groups can wash vehicles on private property if they do not allow the wash water to enter any streets or storm drains. Learn more and find great resources for fundraising alternatives here:

Tips for navigating the new Multiway Boulevard

Thanks for your patience as crews finish construction on the Multiway Boulevard Project by July. Modeled after European streets, the project adds access or parking lanes to slow down traffic near businesses, add more parking, and provide a pedestrian- and bicycle friendly environment.

Like any change, the new roadway might take a little getting used to. Here are a few tips.

Tips for drivers

- Enter parking lanes via southbound Bothell Way NE at Reder Way, and from northbound Bothell Way NE at SR 522, or via Bothell Way NE intersections.
- Parking lanes are one way only.
- All vehicles must stop and turn right or continue straight when exiting the parking lane at the end of the block.
- Keep your speed low, at 10 to 15 mph in the parking lane.
- Parking spaces for those with disabilities are located near the end of the block next to a curb ramp.
- All spaces in the parking lane, except the spaces for people with disabilities, have a time limit as signed.
- Allowable traffic movements at intersections with Bothell Way NE include:
 - Left turns in NB and SB directions are limited to NE 185th St and Reder Way; a left turn at Main Street is in the southbound direction only.
 - Vehicles traveling west on NE 186th St may only take a right turn at Bothell Way NE.
 - Vehicles traveling on the cross street must stop at the stop bar location, and not encroach upon the area marked "KEEP CLEAR."

Tips for pedestrians and bicyclists

- Despite slow-moving traffic in parking lanes, pedestrians should always use caution, especially if you need to enter into the parking lane at a midblock location or stop sign.
- Pedestrians should use marked crosswalks when crossing Bothell Way NE.
- The parking lane is a shared lane, and bicycles are required to follow traffic laws as they would on any local street.
- Riding your bicycle in the center of the parking lane is recommended to minimize potential conflicts.
- Bike racks are located at intersection corners.
- Bicycle ramps are provided at the end of the parking lanes to direct bicycles to State Route 522 crosswalks.

CLEAN OUT YOUR GARAGE

Storing hazardous chemicals and materials in your home or garage puts you, your family, and your neighborhood at risk. Minimize this risk by always properly using, storing and recycling these harmful materials.

Hazardous waste facilities are available in both King and Snohomish County for Bothell residents to drop off their harmful materials. Wastemobile drop off sites are also available in Bothell at designated times during the year.

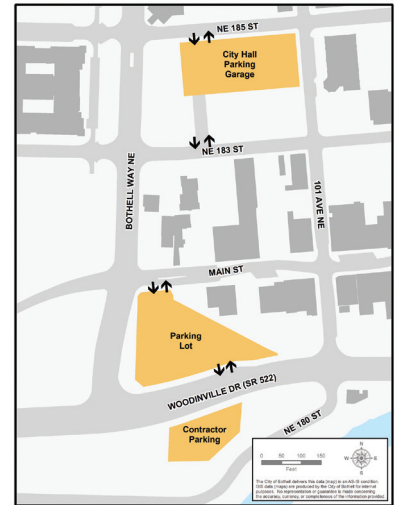

For more information: www.bothellwa.gov/hazwaste

Main Street is open for business!

Main Street itself is torn up this summer but Main Street businesses are open and ready to serve you. The City is partnering with local businesses to encourage you to continue to eat, shop and visit Main Street during construction.

You can park at a new temporary parking lot just west of Baskin-Robbins, with access via Main or SR 522. The City Hall parking lot is also available for free public parking.

Resident Discount Fee

City of Bothell Parks and Recreation strives to provide quality and affordable recreation opportunities to the community. In recognition that Bothell citizens support our Parks and Recreation services through their city taxes, the City offers its residents a discount on all fee-based recreation programs. Not all persons with Bothell mailing addresses live within the city limits. If you receive a City of Bothell utility bill, you are a Bothell resident. Not sure? Our Parks and Recreation staff will be able to assist you (425-806-6760). Those persons not living within the city limits are welcome to enjoy our activities at the rates listed.

Please Note: All participants are required to sign a hold harmless form prior to participating in any registered program. Parent or guardian signature is required for all participants under 18 years of age. Some class programs may require a separate hold harmless form to be signed due to the specific nature of that program.

Accessibility

City of Bothell Parks and Recreation will make every effort to provide reasonable accommodation for people with special needs. Please contact us three weeks prior to the class starting to discuss accommodations.

Satisfaction Guaranteed

City of Bothell Parks and Recreation strives to provide the best possible recreational programs and to ensure customer satisfaction. If you are dissatisfied with the quality of the program, facility or instructor, you should contact the staff prior to the second class or within two days following a one day class so that your concerns can be quickly addressed.

Refund Policies

Before you register for any class you should read and understand the following refund policies.

Nondiscrimination Policy

The City of Bothell complies with the State of Washington's "Fair Play in Community Sports Act" (Chapter 467, 2009 Laws, effective date July 26, 2009) that prohibits discrimination against any person in a community athletics program on the basis of sex. Any questions or comments, please contact John Keates, Parks and Recreation Director.

Programs And Activities

Refund/credit granted if request is made at least five (5) business days prior to the start of class, less \$10 administrative fee.

100 percent refund if class is cancelled.

Class withdrawal requested less than five (5) business days prior to the start of class will result in a credit/refund of 50 percent of the registration fee less a \$10 administrative fee per registrant per class. No refunds for classes costing less than \$10. No refunds/credits will be issued after a class has started.
